C. PACKAGING AND MARKING

Mark materials delivered to the site as follows:

U.S. EMBASSY in ANKARA

Attn: Sezin Colak

Ataturk Bul. No. 110, Ankara

D. INSPECTION AND ACCEPTANCE

The COR, or his/her authorized representatives, will inspect from time to time the services being performed and the supplies furnished to determine whether work is being performed in a satisfactory manner, and that all supplies are of acceptable quality and standards.

The Contractor shall be responsible for any countermeasures or corrective action, within the scope of this contract, which may be required by the Contracting Officer as a result of such inspection.

D.1 SUBSTANTIAL COMPLETION

(a) "*Substantial Completion*" means the stage in the progress of the work as determined and certified by the Contracting Officer in writing to the Contractor, on which the work (or a portion designated by the Government) is sufficiently complete and satisfactory. Substantial completion means that the property may be occupied or used for the purpose for which it is intended, and only minor items such as touch-up, adjustments, and minor replacements or installations remain to be completed or corrected which:

- (1) do not interfere with the intended occupancy or utilization of the work, and
- (2) can be completed or corrected within the time period required for final completion.

(b) The "date of substantial completion" means the date determined by the Contracting Officer or authorized Government representative as of which substantial completion of the work has been achieved.

Use and Possession upon Substantial Completion - The Government shall have the right to take possession of and use the work upon substantial completion. Upon notice by the Contractor that the

work is substantially complete (a Request for Substantial Completion) and an inspection by the Contracting Officer or an authorized Government representative (including any required tests), the Contracting Officer shall furnish the Contractor a Certificate of Substantial Completion. The certificate will be accompanied by a Schedule of Defects listing items of work remaining to be performed, completed or corrected before final completion and acceptance. Failure of the Contracting Officer to list any item of work shall not relieve the Contractor of responsibility for complying with the terms of the contract. The Government's possession or use upon substantial completion shall not be deemed an acceptance of any work under the contract.

D.2 FINAL COMPLETION AND ACCEPTANCE

D.2.1 "Final completion and acceptance" means the stage in the progress of the work as determined by the Contracting Officer and confirmed in writing to the Contractor, at which all work required under the contract has been completed in a satisfactory manner, subject to the discovery of defects after final completion, and except for items specifically excluded in the notice of final acceptance.

D.2.2 The "*date of final completion and acceptance*" means the date determined by the Contracting Officer when final completion of the work has been achieved, as indicated by written notice to the Contractor.

D.2.3 FINAL INSPECTION AND TESTS. The Contractor shall give the Contracting Officer at least five (5) days advance written notice of the date when the work will be fully completed and ready for final inspection and tests. Final inspection and tests will be started not later than the date specified in the notice unless the Contracting Officer determines that the work is not ready for final inspection and so informs the Contractor.

D.2.4 FINAL ACCEPTANCE. If the Contracting Officer is satisfied that the work under the contract is complete (with the exception of continuing obligations), the Contracting Officer shall issue to the Contractor a notice of final acceptance and make final payment upon:

- Satisfactory completion of all required tests,
- A final inspection that all items by the Contracting Officer listed in the Schedule of Defects have been completed or corrected and that the work is finally complete (subject to the discovery of defects after final completion), and
- Submittal by the Contractor of all documents and other items required upon completion of the work, including a final request for payment (Request for Final Acceptance).

E. DELIVERIES OR PERFORMANCE**52.211-10 COMMENCEMENT, PROSECUTION, AND COMPLETION OF WORK (APR 1984)**

The Contractor shall be required to:

- (a) commence work under this contract within 10 calendar days after the date the Contractor receives the notice to proceed,
- (b) prosecute the work diligently, and,
- (c) complete the entire work ready for use not later than the approved number of days after NTP.

The time stated for completion shall include final cleanup of the premises.

52.211-12 LIQUIDATED DAMAGES - CONSTRUCTION (SEPT 2000)

(a) If the Contractor fails to complete the work within the time specified in the contract, or any extension, the Contractor shall pay liquidated damages to the Government in the amount of **\$117** for each calendar day of delay until the work is completed or accepted.

(b) If the Government terminates the Contractor's right to proceed, liquidated damages will continue to accrue until the work is completed. These liquidated damages are in addition to excess costs of repurchase under the Default clause.

CONTRACTOR'S SUBMISSION OF CONSTRUCTION SCHEDULES

(a) The time for submission of the schedules referenced in FAR 52.236-15, "Schedules for Construction Contracts", paragraph (a), is hereby modified to reflect the due date for submission as 5 calendar days after receipt of an executed contract".

(b) These schedules shall include the time by which shop drawings, product data, samples and other submittals required by the contract will be submitted for approval.

(c) The Contractor shall revise such schedules (1) to account for the actual progress of the work, (2) to reflect approved adjustments in the performance schedule, and (3) as required by the Contracting Officer to achieve coordination with work by the Government and any separate contractors used by the Government. The Contractor shall submit a schedule, which sequences work so as to minimize disruption at the job site.

(d) All deliverables shall be in the English language and any system of dimensions (English or metric) shown shall be consistent with that used in the contract. No extension of time shall be allowed due to delay by the Government in approving such deliverables if the Contractor has failed to act promptly and responsively in submitting its deliverables. The Contractor shall identify each deliverable as required by the contract.

(e) Acceptance of Schedule: When the Government has accepted any time schedule; it shall be binding upon the Contractor. The completion date is fixed and may be extended only by a written contract modification signed by the Contracting Officer. Acceptance or approval of any schedule or revision thereof by the Government shall not:

- (1) Extend the completion date or obligate the Government to do so,
- (2) Constitute acceptance or approval of any delay, or
- (3) Excuse the Contractor from or relieve the Contractor of its obligation to maintain the progress of the work and achieve final completion by the established completion date.

NOTICE OF DELAY

If the Contractor receives a notice of any change in the work, or if any other conditions arise which are likely to cause or are actually causing delays which the Contractor believes may result in

late completion of the project, the Contractor shall notify the Contracting Officer. The Contractor's notice shall state the effect, if any, of such change or other conditions upon the approved schedule, and shall state in what respects, if any, the relevant schedule or the completion date should be revised. The Contractor shall give such notice promptly, not more than ten (10) days after the first event giving rise to the delay or prospective delay. Only the Contracting Officer may make revisions to the approved time schedule.

NOTICE TO PROCEED

(a) After receiving and accepting any bonds or evidence of insurance, the Contracting Officer will provide the Contractor a Notice to Proceed. The Contractor must then prosecute the work, commencing and completing performance not later than the time period established in the contract.

(b) It is possible that the Contracting Officer may elect to issue the Notice to Proceed before receipt and acceptance of any bonds or evidence of insurance. Issuance of a Notice to Proceed by the Government before receipt of the required bonds or insurance certificates or policies shall not be a waiver of the requirement to furnish these documents.

WORKING HOURS

All work shall be performed during from Monday to Friday at the hours of **8:00 until 17:00**. Other hours, if requested by the Contractor, may be approved by the Contracting Officer's Representative (COR). The Contractor shall give 24 hours in advance to COR who will consider any deviation from the hours identified above. Changes in work hours, initiated by the Contractor, will not be a cause for a price increase.

PRECONSTRUCTION CONFERENCE

If necessary, a preconstruction conference will be held 10 days after contract award at a future time and place to discuss the schedule, submittals, notice to proceed, mobilization and other important issues that effect construction progress. See FAR 52.236-26, Preconstruction Conference.

F. ADMINISTRATIVE DATA**652.242-70 CONTRACTING OFFICER'S REPRESENTATIVE (COR) (AUG 1999)**

(a) The Contracting Officer may designate in writing one or more Government employees, by name or position title, to take action for the Contracting Officer under this contract. Each designee shall be identified as a Contracting Officer's Representative (COR). Such designation(s) shall specify the scope and limitations of the authority so delegated; provided, that the designee shall not change the terms or conditions of the contract, unless the COR is a warranted Contracting Officer and this authority is delegated in the designation.

(b) The COR for this contract is Adam J. Jagelski

Payment: The Contractor's attention is directed to Section H, 52.232-5, "Payments Under Fixed-Price Construction Contracts". The following elaborates on the information contained in that clause.

Requests for payment, may be made no more frequently than monthly. Payment requests shall cover the value of labor and materials completed and in place, including a prorated portion of overhead and profit.

After receipt of the Contractor's request for payment, and on the basis of an inspection of the work, the Contracting Officer shall make a determination as to the amount, which is then due. If the Contracting Officer does not approve payment of the full amount applied for, less the retainage allowed by in 52.232-5, the Contracting Officer shall advise the Contractor as to the reasons.

Under the authority of 52.232-27(a), the 14 day period identified in FAR 52.232-27(a)(1)(i)(A) is hereby changed to 30 days.

U.S. EMBASSY in ANKARA
FMC (via Facilities Maintenance Unit)
Ataturk Bulvari no:110 Kavaklidere, Ankara

G. SPECIAL REQUIREMENTS

G.1.0 PERFORMANCE/PAYMENT PROTECTION - The Contractor shall furnish some form of payment protection as described in 52.228-13 in the amount of 20% of the contract price. A bank guarantee or irrevocable letters of credit can be used.

G.1.1 The Contractor shall provide the information required by the paragraph above within ten (10) calendar days after award. Failure to timely submit the required security may result in rescinding or termination of the contract by the Government. If the contract is terminated, the Contractor will be liable for those costs as described in FAR 52.249-10, Default (Fixed-Price Construction), which is included in this purchase order.

G.1.2 The bonds or alternate performance security shall guarantee the Contractor's execution and completion of the work within the contract time. This security shall also guarantee the correction of any defects after completion, the payment of all wages and other amounts payable by the Contractor under its subcontracts or for labor and materials, and the satisfaction or removal of any liens or encumbrances placed on the work.

G.1.3 The required securities shall remain in effect in the full amount required until final acceptance of the project by the Government. Upon final acceptance, the penal sum of the

performance security shall be reduced to 10% of the contract price. The security shall remain in effect for one year after the date of final completion and acceptance, and the Contractor shall pay any premium required for the entire period of coverage.

G.2.0 INSURANCE - The Contractor is required by FAR 52.228-5, "Insurance - Work on a Government Installation" to provide whatever insurance is legally necessary. The Contractor shall at its own expense provide and maintain during the entire performance period the following insurance amounts:

G.2.1 GENERAL LIABILITY (includes premises/operations, collapse hazard, products, completed operations, contractual, independent contractors, broad form property damage, personal injury):

(1) BODILY INJURY, ON OR OFF THE SITE, IN U.S. DOLLARS	
Per Occurrence	\$10,000
Cumulative	\$100,000
(2) PROPERTY DAMAGE, ON OR OFF THE SITE, IN U.S. DOLLARS	
Per Occurrence	\$5,000
Cumulative	\$75,000

G.2.2 The foregoing types and amounts of insurance are the minimums required. The Contractor shall obtain any other types of insurance required by local law or that are ordinarily or customarily obtained in the location of the work. The limit of such insurance shall be as provided by law or sufficient to meet normal and customary claims.

G.2.3 The Contractor agrees that the Government shall not be responsible for personal injuries or for damages to any property of the Contractor, its officers, agents, servants, and employees, or any other person, arising from and incident to the Contractor's performance of this contract. The Contractor shall hold harmless and indemnify the Government from any and all claims arising therefrom, except in the instance of gross negligence on the part of the Government.

G.2.4 The Contractor shall obtain adequate insurance for damage to, or theft of, materials and equipment in insurance coverage for loose transit to the site or in storage on or off the site.

G.2.5 The general liability policy required of the Contractor shall name "the United States of America, acting by and through the Department of State", as an additional insured with respect to operations performed under this contract.

G.3.0 DOCUMENT DESCRIPTIONS

G.3.1 SUPPLEMENTAL DOCUMENTS: The Contracting Officer shall furnish from time to time such detailed drawings and other information as is considered necessary, in the opinion of the Contracting Officer, to interpret, clarify, supplement, or correct inconsistencies, errors or omissions in the Contract documents, or to describe minor changes in the work not involving an increase in the contract price or extension of the contract time. The Contractor shall comply with the requirements of the supplemental documents, and unless prompt objection is made by the Contractor within 20 days, their issuance shall not provide for any claim for an increase in the Contract price or an extension of contract time.

G.3.1.1. RECORD DOCUMENTS. The Contractor shall maintain at the project site:

- (1) a current marked set of Contract drawings and specifications indicating all interpretations and clarification, contract modifications, change orders, or any other departure from the contract requirements approved by the Contracting Officer; and,
- (2) a complete set of record shop drawings, product data, samples and other submittals as approved by the Contracting Officer.

G.3.1.2. "As-Built" Documents: After final completion of the work, but before final acceptance thereof, the Contractor shall provide:

- (1) a complete set of "as-built" drawings, based upon the record set of drawings, marked to show the details of construction as actually accomplished; and,
- (2) record shop drawings and other submittals, in the number and form as required by the specifications.

G.4.0 LAWS AND REGULATIONS - The Contractor shall, without additional expense to the Government, be responsible for complying with all laws, codes, ordinances, and regulations applicable to the performance of the work, including those of the host country, and with the lawful orders of any governmental authority having jurisdiction. Host country authorities may not enter the construction site without the permission of the Contracting Officer. Unless otherwise directed by the Contracting Officer, the Contractor shall comply with the more stringent of the requirements of such laws, regulations and orders and of the contract. In the event of a conflict between the contract and such laws, regulations and orders, the Contractor shall promptly advise the Contracting Officer of the conflict and of the Contractor's proposed course of action for resolution by the Contracting Officer.

G.4.1 The Contractor shall comply with all local labor laws, regulations, customs and practices pertaining to labor, safety, and similar matters, to the extent that such compliance is not inconsistent with the requirements of this contract.

G.4.2 The Contractor shall give written assurance to the Contracting Officer that all subcontractors and others performing work on or for the project have obtained all requisite licenses and permits.

G.4.3 The Contractor shall submit proper documentation and evidence satisfactory to the Contracting Officer of compliance with this clause.

G.5.0 CONSTRUCTION PERSONNEL - The Contractor shall maintain discipline at the site and at all times take all reasonable precautions to prevent any unlawful, riotous, or disorderly conduct by or among those employed at the site. The Contractor shall ensure the preservation of peace and protection of persons and property in the neighborhood of the project against such action. The Contracting Officer may require, in writing that the Contractor remove from the work any employee that the Contracting Officer deems incompetent, careless, insubordinate or otherwise objectionable, or whose continued employment on the project is deemed by the Contracting Officer to be contrary to the Government's interests.

G.5.1 If the Contractor has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this contract, the Contractor shall immediately give notice, including all relevant information, to the Contracting Officer.

G.5.2 After award, the Contractor has ten calendar days to submit to the Contracting Officer a list of workers and supervisors assigned to this project for the Government to conduct all necessary security checks. It is anticipated that security checks will take **6-8 weeks** to perform. For each

individual the list shall include:

Full Name
Place and Date of Birth
Current Address
Identification number (Kimlik numarası)

Failure to provide any of the above information may be considered grounds for rejection and/or resubmittal of the application. Once the Government has completed the security screening and approved the applicants a badge will be provided to the individual for access to the site. This badge may be revoked at any time due to the falsification of data, or misconduct on site.

G.5.3 The Contractor shall provide an English speaking supervisor on site at all times. This position is considered as key personnel under this purchase order.

G.6.0 MATERIALS AND EQUIPMENT - All materials and equipment incorporated into the work shall be new and for the purpose intended, unless otherwise specified. All workmanship shall be of good quality and performed in a skillful manner that will withstand inspection by the Contracting Officer.

G.7.0 SPECIAL WARRANTIES

G.7.1 Any special warranties that may be required under the contract shall be subject to the stipulations set forth in 52.246-21, "Warranty of Construction", as long as they are not in conflict.

G.7.2 The Contractor shall obtain and furnish to the Government all information required to make any subcontractor's, manufacturer's, or supplier's guarantee or warranty legally binding and effective. The Contractor shall submit both the information and the guarantee or warranty to the Government in sufficient time to permit the Government to meet any time limit specified in the guarantee or warranty, but not later than completion and acceptance of all work under this contract.

G.8.0 EQUITABLE ADJUSTMENTS

Any circumstance for which the contract provides an equitable adjustment that causes a change within the meaning of paragraph (a) of the "Changes" clause shall be treated as a change under that clause; provided, that the Contractor gives the Contracting Officer prompt written notice (within 20 days) stating:

- (a) the date, circumstances, and applicable contract clause authorizing an equitable adjustment and
- (b) that the Contractor regards the event as a changed condition for which an equitable adjustment is allowed under the contract

The Contractor shall provide written notice of a differing site condition within 10 calendar days of occurrence following FAR 52.236-2, Differing Site Conditions.

G.9.0 ZONING APPROVALS AND PERMITS

The Government shall be responsible for:

- obtaining proper zoning or other land use control approval for the project
- obtaining the approval of the Contracting Drawings and Specifications
- paying fees due for the foregoing; and,
- for obtaining and paying for the initial building permits.

H. CLAUSES

The following Department of State Acquisition Regulation (DOSAR) clause(s) is/are set forth in full text:

652.204-70 DEPARTMENT OF STATE PERSONAL IDENTIFICATION CARD ISSUANCE PROCEDURES (MAY 2011)

(a) The Contractor shall comply with the Department of State (DOS) Personal Identification Card Issuance Procedures for all employees performing under this contract who require frequent and continuing access to DOS facilities, or information systems. The Contractor shall insert this clause in all subcontracts when the subcontractor's employees will require frequent and continuing access to DOS facilities, or information systems.

(b) The DOS Personal Identification Card Issuance Procedures may be accessed at <http://www.state.gov/m/ds/rls/rpt/c21664.htm> .

(End of clause)

652.229-71 PERSONAL PROPERTY DISPOSITION AT POSTS ABROAD (AUG 1999)

Regulations at 22 CFR Part 136 require that U.S. Government employees and their families do not profit personally from sales or other transactions with persons who are not themselves entitled to exemption from import restrictions, duties, or taxes. Should the Contractor experience importation or tax privileges in a foreign country because of its contractual relationship to the United States Government, the Contractor shall observe the requirements of 22 CFR Part 136 and all policies, rules, and procedures issued by the chief of mission in that foreign country.

(End of clause)

CONTRACTOR IDENTIFICATION (JULY 2008)

Contract performance may require contractor personnel to attend meetings with government personnel and the public, work within government offices, and/or utilize government email.

Contractor personnel must take the following actions to identify themselves as non-federal employees:

- 1) Use an e-mail signature block that shows name, the office being supported and company affiliation (e.g. "John Smith, Office of Human Resources, ACME Corporation Support Contractor");
- 2) Clearly identify themselves and their contractor affiliation in meetings;
- 3) Identify their contractor affiliation in Departmental e-mail and phone listings whenever contractor personnel are included in those listings; and
- 4) Contractor personnel may not utilize Department of State logos or indicia on business cards.

(End of clause)

652.236-70 ACCIDENT PREVENTION (APR 2004)

(a) *General.* The Contractor shall provide and maintain work environments and procedures which will safeguard the public and Government personnel, property, materials, supplies, and equipment exposed to contractor operations and activities; avoid interruptions of Government operations and delays in project completion dates; and, control costs in the performance of this contract. For these purposes, the Contractor shall:

- (1) Provide appropriate safety barricades, signs and signal lights;
- (2) Comply with the standards issued by any local government authority having jurisdiction over occupational health and safety issues; and,
- (3) Ensure that any additional measures the Contracting Officer determines to be reasonably necessary for this purpose are taken.
- (4) For overseas construction projects, the Contracting Officer shall specify in writing additional requirements regarding safety if the work involves:

- (i) Scaffolding;
- (ii) Work at heights above two (2) meters;
- (iii) Trenching or other excavation greater than one (1) meter in depth;
- (iv) Earth moving equipment;
- (v) Temporary wiring, use of portable electric tools, or other recognized electrical hazards. Temporary wiring and portable electric tools require the use of a ground fault circuit interrupter (GFCI) in the affected circuits; other electrical hazards may also require the use of a GFCI;
- (vi) Work in confined spaces (limited exits, potential for oxygen less than 19.5 percent or combustible atmosphere, potential for solid or liquid engulfment, or other hazards considered to be immediately dangerous to life or health such as water tanks, transformer vaults, sewers, cisterns, etc.);
- (vii) Hazardous materials – a material with a physical or health hazard including but not limited to, flammable, explosive, corrosive, toxic, reactive or unstable, or any operations which creates any kind of contamination inside an occupied building such as dust from demolition activities, paints, solvents, etc.; or
- (viii) Hazardous noise levels.

(b) *Records.* The Contractor shall maintain an accurate record of exposure data on all accidents incident to work performed under this contract resulting in death, traumatic injury, occupational disease, or damage to or theft of property, materials, supplies, or equipment. The Contractor shall report this data in the manner prescribed by the Contracting Officer.

(c) *Subcontracts.* The Contractor shall be responsible for its subcontractors' compliance with this clause.

(d) *Written program.* Before commencing work, the Contractor shall:

(1) Submit a written plan to the Contracting Officer for implementing this clause. The plan shall include specific management or technical procedures for effectively controlling hazards associated with the project; and,

(2) Meet with the Contracting Officer to discuss and develop a mutual understanding relative to administration of the overall safety program.

(e) *Notification.* The Contracting Officer shall notify the Contractor of any non-compliance with these requirements and the corrective actions required. This notice, when delivered to the Contractor or the Contractor's representative on site, shall be deemed sufficient notice of the non-compliance and corrective action required. After receiving the notice, the Contractor shall immediately take corrective action. If the Contractor fails or refuses to promptly take corrective action, the Contracting Officer may issue an order suspending all or part of the work until satisfactory corrective action has been taken. The Contractor shall not be entitled to any equitable adjustment of the contract price or extension of the performance schedule on any suspension of work order issued under this clause.

(End of clause)

652.242-73 AUTHORIZATION AND PERFORMANCE (AUG 1999)

(a) The Contractor warrants the following:

(1) That is has obtained authorization to operate and do business in the country or countries in which this contract will be performed;

(2) That is has obtained all necessary licenses and permits required to perform this contract; and,

(3) That it shall comply fully with all laws, decrees, labor standards, and regulations of said country or countries during the performance of this contract.

(b) If the party actually performing the work will be a subcontractor or joint venture partner, then such subcontractor or joint venture partner agrees to the requirements of paragraph (a) of this clause.

(End of clause)

652.243-70 NOTICES (AUG 1999)

Any notice or request relating to this contract given by either party to the other shall be in writing. Said notice or request shall be mailed or delivered by hand to the other party at the address provided in the schedule of the contract. All modifications to the contract must be made in writing by the Contracting Officer.

F. 52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)

This contract incorporates the following provisions by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer.

Also, the full text of a solicitation provision may be accessed electronically at: <http://acquisition.gov/far/index.html>/ or <http://farsite.hill.af.mil/vffara.htm>. Please note these addresses are subject to change.

If the Federal Acquisition Regulation (FAR) is not available at the locations indicated above, use the Department of State Acquisition website at <http://www.statebuy.state.gov> to access the link to the FAR, or use of an Internet "search engine" (for example, Google, Yahoo or Excite) is suggested to obtain the latest location of the most current FAR.

The following Federal Acquisition Regulation provisions are incorporated by reference (48 CFR CH. 1):

<u>PROVISION</u>	<u>TITLE AND DATE</u>
52.204-6	DATA UNIVERSAL NUMBERING SYSTEM (DUNS) NUMBER (JULY 2013)
52.204-7	SYSTEM FOR AWARD MANAGEMENT (JULY 2013)

ATTACHMENT 1 - SCOPE OF WORK

PURPOSE AND EXTENT OF PROJECT

The purpose of the project is to create six additional modular work spaces and improve work flow in the Consular Section. This project will implement the redesign of the Consular work space in adherence to already-created professionally drawn plans. The primary projects components are ordering of new furniture pieces, disassembly and reassembly of modular workstations and partitions, and installation of electrical and data cabling. Minor lighting installation is required.

DESCRIPTION OF THE EXISTING FACILITIES

The Consular Section was originally constructed in the late 1990's to accommodate approximately 12 staff members. The Section currently employs 45 individuals in six different sub-sections. The current workspace layout is not efficient, impedes the section's productivity, and does not ideally accommodate the current staff members. Therefore a contractor was hired in late 2015 to develop a new plan for the entire Consular Section, with special attention to the staffing in each sub-section.

PREVIOUS STUDIES

An existing professionally-drawn comprehensive plan for the re-designed workstation layout will guide the work of the project; the contractor will implement the furniture moves and adhere to the measurements detailed in the plan. Any deviations from the plan must be approved by the COR. Existing furniture was incorporated into the re-designed workstation layout wherever possible, resulting in a relatively small number of pieces remaining to be acquired (see "Work Plan" below). Existing furniture pieces are numbered and their exact location in the new layout is detailed in the plan.

MECHANICAL WORKS

Disassembly of the workstations and modular partitions and reassembly is required.

ELECTRICAL WORKS

Existing electrical items in the Consular office will be incorporated into the new plan. Power sockets, data cabling and electrical cabling will be installed as required for the six new work spaces and fed from the closest suitable system.

Additional lighting in one corner of the main office will be fed from the closest suitable system.

New lighting and power will be fed from the existing distribution panels.

WORK PLAN

- A. Within three days of receiving "Notice to Proceed," order new custom built furniture pieces identified in the plan and work with the furniture manufacturer to expedite delivery. The following list of furniture is representative but may not be exhaustive; see the diagrams and information provided in the plan.
 - A. 7 x Desk, 180x80cm h=75cm. Maple laminate, double leg electrostatic powder coating paint, grey
 - B. 4 x Side Desk, 80x40cm h=75cm. Maple laminate, single leg electrostatic powder coating paint, grey.

- C. 2 x Drawer, 59x43cm. Maple laminate, 3 drawers.
- D. 4 x Partition, 100X8cm h=107cm. Electrostatic powder coating paint. Color to match the existing, grey, maple laminate and green textile.
- E. 7 x Partition, 80X8cm h=107cm. Electrostatic powder coating paint. Color to match the existing, grey, maple laminate and green textile.
- F. 1 x Stud, 8x8cm h=107cm. Electrostatic powder coating paint. Color to match the existing, grey.
- G. Suspended ceiling tile, rock wool acoustical and installation
- B. Upon receipt of new furniture, disassemble work stations and modular partitions in designated areas
- C. Install electrical outlets for workstations where telephones and computers drop as shown in plan diagrams. All outlets will be 220 volt European style duplex outlet boxes and will have a proper ground (ground will be green or green with yellow strip (all ground wires will be the same)). All installation will conform to the American National Electric Code (NEC). The Contractor will use existing main and sub panels. If necessary the new circuits will be hooked up to the breakers in the existing panels. All circuits will be concealed in the floor, walls/dry walls and ceilings using existing conduit, however, the Contractor will install new conduit when necessary. The Contractor will run new 2.5mm solid copper wire for all-new outlets and light switches.
- D. Install CAT 5 cables for the computers and telephones for six new workstations per diagram.
- E. Reassemble workstations and modular partitions according to pre-drawn plan.
- F. Install wires, cables and power source per plan diagrams for all assembled workstations
- G. Install new ceiling light fixture in SE corner of main office near emergency exit door.
- H. Restore all walls and ceiling to original condition. Where the walls and ceilings are disturbed, the Contractor will patch and paint to match existing texture and color all walls, ceiling, doors and doors frame. The Contractor will consult with Project Director regarding areas needing painting. The Contractor will apply one base coat and two final coats of water emulsion paint to all painted areas.
- I. Reinstall cabinet and shelves according to locations in plan diagrams, except when directed otherwise by Project Director.
- J. The Embassy reserves salvage rights to all materials removed and must approve disposal of any materials. The Contractor will dispose of all unwanted materials/debris approved for disposal by the Embassy.

CONTRACTOR'S USE OF THE PREMISES

- A. The facility itself is occupied and fully functioning as the U.S. Embassy. The Contractor shall have access only to those portions of the facility directly affected by the work. At all times, work must be scheduled with and coordinated through the COR (Contracting Officer Representative) to insure that the operation of the Consulate is not adversely affected.
- B. Confine operations at the site to the areas permitted under the Contract. Portions of the site beyond areas on which work is indicated are not to be disturbed. Conform to Post regulations affecting the work site while engaged in project construction.
- C. The work of this Contract, besides the actual construction, includes coordination of the entire implementation of the project, from beginning of construction activity through project completion.
- D. A governing requirement of this contract is that, throughout the period of contract implementation, the Post must be able to carry out its regular functions and make

normal daily use of premises and facilities, allowing only such adjustments as are strictly necessary for the accommodation of the ongoing construction. Individual work areas will be vacated by the Post in accordance with the approved construction schedule. The relocations of the Post personnel and resources will be performed by the Post and coordinated by the COR with the Post prior to authorizing the Contractor to proceed with that segment of the work.

- E. Uninterrupted supply of all utilities and facilities shall be maintained by the Contractor at all times at Post. Any unavoidable interruption or disruption of a utility or a facility shall be with the prior approval of the Project Director. The interruptions or disruptions shall be selectively phased, scheduled at approved times, be of approved durations and shall affect only the approved segments of work in a way to cause minimum impact or inconvenience to the Post. Complete outage of the electric power supply of the entire Post or building, or blanket power outage of a major segment of a section of the Post or building shall not be permitted.
- F. The Contractor shall have use of the site and must coordinate his use with the needs of other concurrent projects, if any, as well as ongoing Post functions.
- G. The Contractor shall use only the designated entrances, routes, stairs and windows to move his men, materials and equipment.
- H. The facilities used by the Contractor shall be restored to the quality of original condition as a minimum as determined by the COR. It shall be the Contractor's responsibility to establish the conditions of the facilities before using them.
- I. Prior to starting any work, the contractor will establish a "punch list" showing all existing damages and defects to existing finishes which are beyond the scope of this project. This list will be reviewed in a joint inspection with the COR.
- J. The Contractor shall remove, protect, store and return or replace to their original condition and location any items removed or disturbed by the Contractor's actions.
- K. Stacking or storing of furniture or other materials and equipment in hallways and passageways posing safety hazards or causing restrictions or constrictions to traffic flow or easy movement of the Post or the Contractor personnel, tools or equipment, shall not be permitted.
- L. The Contractor shall advise the COR five (5) days in advance of the need regarding any area of the project that the Contractor wants vacated.
- M. Prior to site move in, the Contractor shall submit and obtain the Project Director's approval to a contractor's site facility, parking, utilities and the staging and storage plan. The plan shall be based on a general area designation plan provided by the US Government.
- N. Safe and free access from and to all site stair exits and other regular, fire or emergency exits shall be maintained at all times.

CONTRACTOR'S WORKING PRACTICE

- A. The workweek may include Saturdays and Sundays with prior approval by the Project Director and COR.
- B. With prior approval of the COR, it will be permissible for the Contractor to include the nighttime hours in his workweek schedule.
- C. Under unusual or exceptional circumstances or in cases of emergencies, upon written request from the Contractor justifying such an action, the COR may exercise discretion to waive, to the extent feasible or practical, and subject to convenience, commitments, work load or schedule of the Post, in part or in full, some of the requirements of this Section, for durations or periods of time deemed appropriate by the COR. Such waiver shall be in writing by the COR.
- D. Notwithstanding the above, power outages may be scheduled five (5) days in advance to occur on weekends and holidays, and/or after normal operating hours.
- E. Noise Control: Since Post is to remain fully functional and operational during the duration of the contract, the Contractor's noise producing operations which, in the opinion of the Project Director, distract or disturb the Post personnel to an unacceptable degree, shall be restricted or reduced to a level deemed acceptable by the Project Director or scheduled at a time of day specified by the Project Director
- F. Dust Control: The Contractor shall be responsible to put into effect and implement an approved dust control program.

PROJECT COORDINATION

- A. The work of this Contract includes coordination of the entire work of the project, including preparation of general and detailed coordination drawings, diagrams and schedules, and control of site utilization, from beginning of construction activity through project closeout.
- B. Prior to beginning any work activity the Contractor shall, provide the Project Director with complete information about the activity.
- C. The Contractor shall coordinate the physical locations and the space and alignment requirements of the mechanical, electrical and utility installations to be performed by various trades, specialized teams of user groups, and the Contractor.
- D. Prepare written records of all meetings between the Contractor and the COR and submit them to the COR within a 24 hour period after the meeting for his review and approval.
- E. Prepare coordination drawings where work by separate entities requires fabrication off site of products and materials which must be accurately interfaced. Coordination drawings shall indicate how work shown by separate shop drawings will interface and shall indicate sequence for installation. Comply with all requirements of the "Submittals" sections.

CLEANING AND PROTECTION

- A. General Cleaning during the regular progress and at completion of the work is required.
- B. Cleaning: Provide final cleaning of the work at the appropriate time. Clean each surface or unit of work to the condition expected from a normal, commercial building cleaning and maintenance program. Comply with the manufacturer's instructions for operations.
- C. Complete the following cleaning operations before requesting the Project Director's inspection for certification of substantial completion.
 - i. Remove labels which are not required as permanent labels.
 - ii. Clean transparent materials, including mirrors and glass in doors and windows, to a polished condition. Remove putty and other substances which are

-
- noticeable as vision obscuring materials. Replace chipped or broken glass and other damaged transparent materials.
- iii. Clean exposed exterior and interior, hard surfaced finishes to a condition free of dust, stains, films and similar noticeable distracting substances. Restore reflective surfaces to their original reflective condition. Vacuum carpeted surfaces.
 - iv. Wipe surfaces of mechanical and electrical equipment clean. Remove excess lubrication and other substances. Clean light fixtures and lamps.
 - v. Clean the project site, including landscape development areas, of rubbish, litter and other foreign substances. Sweep paved areas to a broom—clean condition; remove stains, spills and other foreign deposits. Rake grounds that are neither paved nor planted to a smooth even textured surface.
 - vi. Comply with safety standards and governing regulations for cleaning operations. Do not burn waste materials at the site. Do not bury debris or excess materials on the Embassy property. Do not discharge volatile or other harmful or dangerous materials into drainage systems. Remove waste materials from the site and dispose of in a lawful manner.
 - vii. To the extent possible through reasonable control and protection methods, supervise performance of the work in such a manner and by such means as will ensure that none of the work, whether completed or in progress, will be subjected to damage during the construction period.
